Jian Wu to Speak at First China Lawyers Going Global Summit

June 30, 2026

Kobre & Kim's Jian Wu will participate in the inaugural *China Lawyers Going Global Summit* (□□□ □□□□□) on July 4, 2026, in Shanghai.

The summit will convene more than 50 cross-border practitioners from over 10 jurisdictions, alongside 300+ corporate decision-makers, to examine the evolving challenges facing Chinese companies and legal advisors operating internationally. The program is structured around three themes: navigating shifting global conditions, understanding market rules and barriers across jurisdictions, and developing practical, cross-border strategies.

Jian will speak as part of a roundtable on *Compliance & Dispute Resolution for Outbound Companies: Practical Legal Risk Solutions*, contributing perspectives on managing cross-border disputes and regulatory exposure, and coordinating legal strategies across multiple jurisdictions.
