Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

Kobre & Kim Recognized for Commitment to BVI's Adopt-A-School Program

March 27, 2025

Kobre & Kim is proud to support the Government of the Virgin Islands' Adopt-A-School program, which aims to uplift the education sector and contribute to the community and the future of its children. Timothy de Swardt and Ritseeniyah Georges Buxo attended an Appreciation Ceremony alongside the Honorable Sharie DeCastro, Minister of Education, Youth Affairs and Sports, where the firm was recognized with an award for sponsoring Enis Adams Primary School.

The program is a public-private partnership that encourages organizations, including churches, nonprofits, NGOs, and businesses, to support schools across the territory, making a positive impact on the lives of young students. Kobre & Kim has committed \$50,000 to the school and joins fellow sponsors such as Carey Olsen, Digicel, Harneys, Ogier, and the Rotary Clubs of Tortola and Road Town, as well as the Belmont Community.
