Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

Kobre & Kim's Andrew Stafford KC to Speak at Asset Recovery CEE in Warsaw

June 8, 2026

Kobre & Kim's Andrew Stafford KC will speak at the upcoming Asset Recovery CEE conference in Warsaw on 11 June 2026, a leading forum bringing together legal practitioners, investigators and asset recovery professionals from across Central and Eastern Europe and beyond.

Andrew will participate in a panel titled *"Piercing the Corporate Veil and Beneficial Ownership Strategies,"* which will explore practical approaches to identifying control, overcoming opaque ownership structures and supporting cross-border enforcement efforts.

Asset Recovery CEE is an international one-day conference focused on key developments in dispute resolution, investigations and enforcement, offering practitioners the opportunity to exchange insights on asset tracing, recovery strategies and related challenges in complex, multi-jurisdictional matters.
