Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

Melisa Ortes González Discusses Digital Asset Recovery and Regulation at DeFi Roundtable

November 11, 2021

Blockchain has led to a boom in decentralized finance (DeFi), but the validity, benefits and architecture of these novel finance products remain a subject of intense debate. Lending her voice to the conversation, Kobre & Kim's Melisa Ortes González, a dual U.S. and Argentine lawyer focused on cross-border digital asset recovery strategies and regulatory issues, will join a roundtable discussion and happy hour hosted by Rise New York at 5pm local time, November 18, 2021.

Joining Ms. Ortes Gonzalez are Thomas Klocanas of White Star Capital, Terry Carson of TRM Labs, Briana Ramgeet of Ramgeet Enterprises and Andrew Hong at Mirror.xyz.
